24 January 1966

MEMORANDUM FOR: Mr. McGeorge Bundy
The White House

SUBJECT: Intelligence Memorandum

1. Attached hereto is the response to your request of 21 January for a paper on evidence dealing with DRV "misbehavior" during the pause. These two memoranda contain the maximum story.
2. It was my understanding that you wanted a declassified version of this material. Under strong pressure from you with the understanding that it has an important public use, we would declassify the memorandum with the blue cover, i.e. OGI No. 0770/66.
3. If you decide to go the declassification route, we will run off other copies of this memorandum, eliminating the classification stamp at the top and bottom of the pages. Incidentally, we may have to change a few words here and there, but it is not a serious problem for us.
4. We have given these memoranda no other distribution outside the Agency. If you want us to do so, please let me know to whom and how many copies.
